**Vanoquat**

**Detergent disinfectant**

**Vanoquat Detergent disinfectant for food process plants, schools, offices and shops. May be applied by brushing, soaking or spraying in single or two stage cleaning disinfection programmes.**

#### **Features & Benefits**

- Detergent disinfectant for use in the food industry.
- Effective against a wide range of pathogenic & spoilage organisms.
- Effective in hard or soft water.
- Suitable for use in single or two stage clean & disinfect programmes.

#### **How to Use**

##### **Single stage clean and disinfect**

**Vanoquat** should be used at 0.5 to 1% v/v. Gross soiling should be removed before applying the solution by clean cloth, brush or immersion.

##### **Two stage clean and disinfect**

Following thorough cleaning using a suitable detergent and rinsing with clean water, **Vanoquat** should be applied at 0.5 to 1% v/v by clean cloth, brush, immersion or high or low pressure spray. It may be applied at ambient or elevated temperature.

**In all cleaning and disinfection programmes a contact time of 10 – 15 minutes should be used.**

**Vanoquat does not need to be rinsed off after application.**

#### **Fogging**

In high care areas, atmospheric fogging may be used as an additional hygiene step. VANOQUAT should be applied at 1% v/v (10ml/litre) through suitable fogging equipment. For effective disinfection 2-3 litres of solution should be atomised per 100m<sup>3</sup> of air.

#### **Composition**

Contains a blend of Quaternary Ammonium Compound, Sequestering Agents, Bactericide & Nonionic Surfactants.

#### **Typical Product Data**

Appearance:	Clear liquid
Odour:	Unperfumed
Specific Gravity (20°C):	1.018
Colour:	Colourless
pH – undiluted:	12.30
Shelf Life Unopened:	3 Years

#### **Packaging**

- 25 lt
- 200 lt

#### **Storage**

Store in original sealed container and protect from extremes of temperature.

#### **Biodegradability**

All surfactants used in Bitek products comply with the current European Regulations concerning Biodegradability and protection of the environment.
